### **Bainbridge Island Police Department is Looking for a Few Good Men and Women**

**Bainbridge Island, Wash.,** (June, 2014) – Bainbridge Island's charm, natural beauty, rural character and central location in the heart of Puget Sound make it a great place to live, work and play. The Bainbridge Island Police Department (BIPD) invites entry level and lateral police officers to apply to join the team of dedicated professionals currently serving this majestic Island community. Working for the Bainbridge Island Police Department gives you the opportunity to join a culture of policing that is focused on service, integrity, community engagement and compassion. Although only 35 minutes from Seattle, Bainbridge Island feels like a world away from the bustling city.

The BIPD is looking for people who want to actively engage with their community, be a positive influence in young people's lives and enforce our laws with compassion and professionalism. The Bainbridge Island community is active and engaged- 3 out of 4 community members reported volunteering to serve their community- and joining the BIPD would give you the opportunity to use your passion for public service. Successful applicants will enjoy working with the public, have a background of integrity, honesty and compassion, and a desire to use their talents for the benefit of others.

The BIPD offers competitive wages, benefits and a supportive, team-oriented working environment. Lateral officers may download and complete the application from the City website at <http://www.bainbridgewa.gov/203/Human-Resources>. Entry level applicants should visit the Public Safety Testing website, [www.publicsafetytesting.com](http://www.publicsafetytesting.com), to learn about the testing process and upcoming test dates. The City of Bainbridge Island is an Equal Opportunity Employer. Women and minorities are encouraged to apply.
